

XX Meeting of Physics

Online event, 12-14 August 2021

Webpage: <https://indico.uni.edu.pe/e/Meeting-of-Physics>

Aim: The main purpose of this event is to stimulate cooperation between local researchers, students and international guest scientists, some of whom are Peruvians working abroad and willing to contribute to the development of physics in Peru.

Due to the present global delicate situation, this year's edition of the *Meeting of Physics* will be held in teleconference mode.

Talks on current research in theoretical, experimental, and applied physics will be presented by keynote speakers, international guests and local scientists. Several MSc and PhD students will also present their investigations in video-poster sessions. This year, a special topic on medical physics has been included.

Organizing Committee: César Castromonte (Local Chair), Ener Salinas (International Chair), Andrés La Rosa, Carmen Eyzaguirre, María Isela Zevallos, Julio Tello, Jhosep Beltrán, Rosendo Ochoa, Javier Solano, Daniel Soto, Alejandro Paredes, Renato Tovar.

Scientific Committee: Andrés La Rosa, Harold Blas, Orlando Pereyra, Teófilo Vargas.
